(no additional elements)

1. Groom and party walk to front of room
2. Music starts
3. Bridesmaids walk to front
4. Ring bearer / flower girl walk to front
5. Bride's entry music starts ( have family member at the front of the room stand to start everyone else standing up)
6. Walk to front
7. Commissioner says welcoming remarks
8. Legal vows
9. Ring exchange
10. Sign papers
11. Pronouncement of Husband and wife
12. First kiss
13. Recessional
  - a. Bride and groom
  - b. Attendants

This is an example of a bare bones, absolute basics ceremony. The four steps in the red must be performed together and in that order according to the marriage act.

I do not recommend putting anything in such as announcements etc, after the first kiss. It takes away from the memory moment.
